SSPC Commercial Activity of Year Award

This award recognises the outstanding contribution of knowledge exchange, knowledge transfer and/or commercialisation activities for an individual or a group. This is taking into account activity at any stage of the commercialisation pipeline.

Criteria

- SSPC centre member – PhD/PDRA/Investigator and respective project partners
- Projects can span all stages of research commercialisation, industry engagement and entrepreneurship
- The award recognises great work, so please be encouraged to put forth projects which demonstrate originality, creative business insight, and/or deliver significant societal impact
